My Dream Job

My dream job is to become a doctor. I want to become a doctor because I want to help sick people and I want the world to be healthy. I also want to become a doctor because it's a meaningful job and it's also my dream to become a doctor.

To become a doctor, I need to be brave because doctors need to look at people's body part. Doctors also need to be careful because they shouldn't make any mistakes when helping sick people. They also need to be patient.
