

Book 5 Unit 1 (Chapter 1-3)  
Happy Preview (1)

Grade: A 16/2/2023  
Date: 14-2-2023

Module and Topic: Book 5 Ch.1 Classification of Living Things

A. Learning Objectives:

1. Classify animals and plants by their characteristics
2. List some characteristics of each group of animals

B. Preview method:

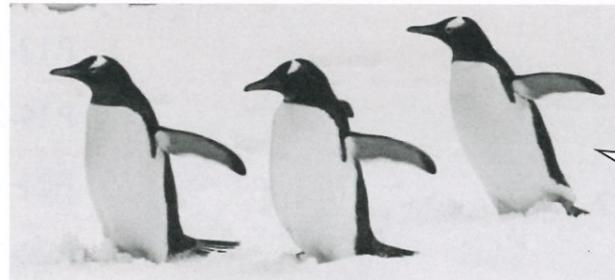

★ Activity 1 : Which group do the following animals belong to?

*Good job! You classified the animals in the correct groups based on their characteristics.*

I have moist skin. I do not have scales.  
I live both on land and in water.  
I am an amphibian.

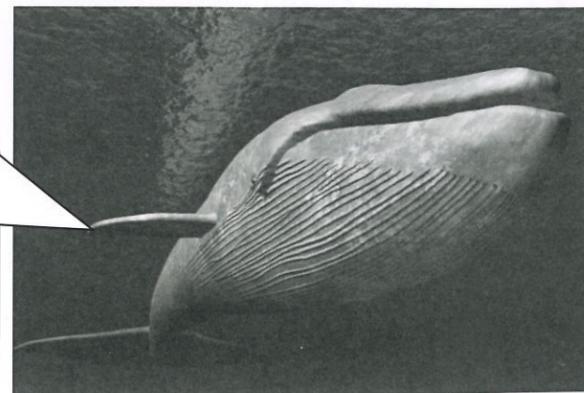

Salamander

Penguins

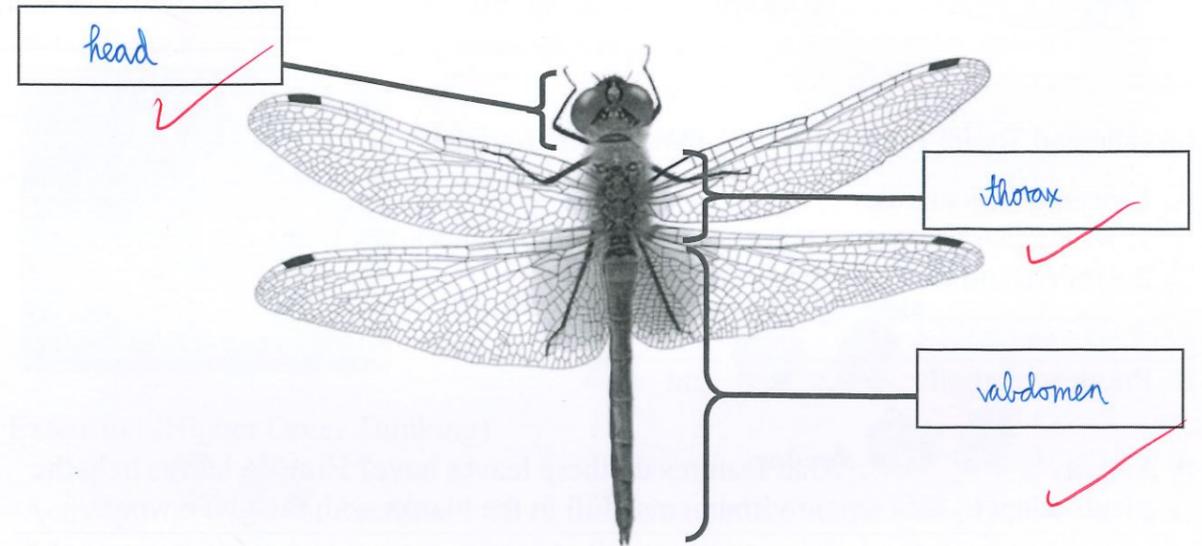

We have feathers and a beak.  
We are birds.

I feed my young with milk. I live in the ocean. I breathe with lungs.  
I am a mammal.

Whale

Activity 2 : Label different body parts of a dragonfly.

*You could list the three main body parts of insects. Read TB p.6 to find out other characteristics of insects.*

\*\*C. Extension (Higher Order Thinking)

Activity 3 : How are plants classified? Complete the tree diagram.
